#### Advantages:

##### 1. Durable Material with EN-71 certification

Top quality material are always applied on our inflatables, all of them are made from the best material suppliers in China - Plato chemical; all of the material meets EN-71 certification.

##### 2. Computerized automatic cutting system

Base on the perfect design, the raw material of our inflatables are cut out the by computerized automatic cutting system which can ensure the perfect shape of each products.

##### 3. High precision stitching machine and cultivated stitching workmanship

All of our sewing inflatables are stitched by high precision stitching machine with super excellent 9 in 1 waterproof nylon threads, like the following image shows.

The length of every single stitching is around 4mm, which is the top standard in inflatable field; most importantly, we always apply double stitching anywhere on the inflatables and quadruple stitching in positions where may sustain much force and pressure from jumping.

These techniques are applied to our inflatable bouncer, inflatable castle, inflatable slide and inflatable amusement park and so on.

##### 4. We pack each product very tightly according to export standards.

#### Packaging for inflatable slide:

- 1) We use strong PVC bag for the inflatable slide and carton for the air blower, accessories, which could helps protect the inflatable slide during the transportation process.

2) Other customized packaging as you want and base on the physical truth for the inflatable slide.

#### Shipping for the inflatable slide:

- 1) If the inflatable slide is shipped by express, it usually takes about 3-7 working days to arrive you from door to door.
- 2) It needs 4-8 working days to arrive the airport if the commodity is posted by air.
- 3) Sea shipping for inflatable slide usually need 20-45 days to get the port.
