Product Description

Giant Inflatable Water Parks , Inflatable Aqua Park Equipment For Adults And Kids

We use material PVC Tarpaulin from Plato factory in China, it is the best material in China, fire retardant, water proof and lead free. This water park is airtight products, so the material should be 0.65mm and 0.9mm PVC Tarpaulin.

Airtight products are inflated by air pump only one time, it normally keep about 10days, you need to add some air after 10 days. Our air pump is hongfu brand, very famous brand in China, enough power.

There are two different valve on the water park, one is auto valve, another is inflating valve.

Some of the products is baffled with strip, some of the products is baffled without strip.

Application:

factory wholesale inflatable seasaw is suitable for rental business, amusement park, family use, school, playground, and other commercial purpose business, advertising, party, club, park, square, outdoor activity, resell, exhibition, backyard fun, widely be used in outdoor and indoor.

Our advantage:

1. OEM/ODM are warmly welcomed. We also offer different size, color, logo, design according to your requirements.
2. Best material is very important for the games. All inflatable games are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. Our material has been approved by the SGS.
3. We sew double stitching everywhere, with quadruple stitching at bottom stress point. Double stitching inside and double stitching outside, and to make sure the inflatables are strong and durable enough.
4. Digital print, silk print, or hand painting are available. We have top skilled worker to apply the artwork and printing. We imported painting machine, it print quickly and in good quality. The quality of print ink also meets the standard of SGS. Further more, we make a liquid protecting film on the surface of digital printing, the liquid protection is also imported from abroad. The high level painting makes our product will not be sticky and color fade, but sustain for a long time.

5. Certificated Blower:

- 1) CE blower spec. 220V, 50HZ, 1.5HP Euro plug, plug can be customized.
- 2) UL blower (110V, 60HZ) for USA area using, plug can be customized too.

6. Quality Control

We have professional design team, skilled workers and strict QC management, these will guarantee good quality for inflatables.

Our Factory:

Cost Effective

Similar quality as famous brand but only 1/3 price.

Customization Service

Customize your unique park as you like, free of design fee.

Good quality control System

Passed TUV factory audit. Our high quality can greatly reduce the repair rate and make your business keep running smoothly

One Stop Service

We can offer necessary accessories for installing a park such life vest, bungee cord, sand bags, rope ect. You do not need to shop around everywhere.

Workmanship:

Stitching:

We double stitching everywhere, with fourfold stitching at bottom stress point.

Double stitching inside and double stitching outside, and to make sure the inflatables are strong enough.

Printing:

Digital print, silk print, or hand painting. We have top skill worker to finish the artwork and printing. We imported the Korean painting machine, it print quickly and in good quality. The quality of print ink also meets the standard of SGS. Further more, we make a liquid protecting film on the surface of digital printing, the liquid protection is also imported from abroad.

The high level painting makes our product will not be sticky and color fade, but sustain a long time.

Package:

The product will be tested at least 12 hours before package, make sure there are no quality problem.

The product will package by durable PVC bag, the blower and the pump package by carton.
