#### Our advantage of inflatable slide:

1. Material used for Inflatable Slide - PVC Tarpaulin :  
PVC Tarpaulin contains 3 layers itself , double sides coated with a strong net inside , It is very strong , waterproof and UV resistant .  
As Inflatable Slide is constant blower system , we usually use 0.55mm PVC Tarpaulin to make it . PVC Tarpaulin is purchased from Plato factory , a best material supplier in China , the material's quality is better than other material's suppliers .
2. The feature of Inflatable Slide : It is with airplane , very cute , kids can go up and down .
3. The System of Inflatable Slide : It is constant blower system , you need to inflate it constantly with blowers .
4. The Warranty of Inflatable Slide : Generally , It will be guaranteed for 1 years , in this warranty period , If there are any quality problems , we would take full responsibility for getting it re-worked , if failed , we promise to make a new one for you .
