#### Advantage:

- 1. Quality guarantee.** King Inflatable's product is manufacturing with Plato material which has met with the certification of EN71, UL, SGS. All the product is inspected by water-proof, fire-resistance, cold-resistant and pressure-resistance. Reinforcement is made at joint points both outside and inside, like on corners.
- 2. Stable connection system.** eyelet connection system and anchor ring connection system which make the whole park very stable.
- 3. Competitive price.** we have a focus on manufacturing good quality products with reasonable price at the whole long time. We try our best to give each customer the best product at the best price. And we know that is the best way for win-win cooperation.
- 4. Delivery time.** Timing is also the important thing we care about. We can make sure the short production time, faster shipping way with reasonable price for your goods. We can help you do the best.
- 5. Material:** we use customized 0.9mm 28\*26 PVC tarpaulin, which is more durable, more comfortable, fewer creases after packing and easy to clean.
- 6. Workmanship:** 1) Reinforcement. We make reinforcements at every weak point like welding seams, inside baffles, conner, etc. 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which lasts longer than other metal in water. 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off. 4) Stable Connection System. King inflatable created originally eyelet connection system and anchor ring connection system which make the whole park very stable.

#### Our services:
