Description:

The Mini Princess inflatable Jumping castle has a beautiful complete impression on the back wall of the castle, which gives the castle a splendid luster! The bright colors:blue, orange and yellow, suitable for the theme of the marine world.Whatsmore ,it can be placed almost everywhere thanks to its small size. This castle will fit very easily inside a house or in a garden or parking. This will ensure that this castle is perfect for your kid's parties and neighborhood parties.

This Princess Bounce Castle by King Inflatable is constructed from 100% PVC all our PVC Tarpaulin contains 3 layers itself , double sides coated with a strong net inside , It is very strong , waterproof.The bouncing surface, bottom are made from industrial strength 0.55mm PVC. This (fire retardant and lead-free) puncture-proof PVC material is approximately 5 times stronger than nylon used in lesser-quality units as it won't tear, fade, get moldy, and it is far easier to clean.

Always use protected receptacles/circuits and take caution to keep blower and power cords in dry locations. Please Note: A blower is required for use and is not included.

Advantages :

1. Material: Plato PVC vinyl 0.4-0.9mm thickness, water proof and fire retardant functions, phthalate free.Commercial usage grade standard, meet ASTM, EN71 & UV certification.
2. Air Pump: with blowers to get it work,because the castle is made by sewing,so it need blower continous blowing to make it dilate.
(220v~240v / 110v~120v) CE/UL approved
3. Stitch: strong and nice stitches.Double stitched or Quadruple stitched (triple to quartic stitched in sensitive parts) seams and reinforcement strips stitched on all mattress seams.
4. Workmanship: Professional machine for cutting, printing & sewing, to ensure the quality in all process, workers will reinforce strips at joints and corners.
5. the most important is our inflatable productshave higher quality, and there are double to quadruple stitches through the whole structure.
6. Extra webbing reinforced strip on all the stress points and interior panels
7. All of our products can be custom-made just to suit your needs.
8. We can assure you of the best quality and services of our products.
