Our advantage:

1. High Quality Plato PVC Material

3 layers, Retardant, Non-toxic Environmental protection.
Best material is very important for the inflatable games. Our all inflatables are made by high durability fire retardant Tarpaulin, which has 3 layers, double coated side with a strong net inside.

2. Long Life

Our sewing tech is double stitching with fourfold stitching at bottom stress point. For most of inflatable games, the pillar, entrance, step corners are very easy broken, most of manufacturer do not have any special reinforce, but we take care all these details with extra reinforced bar to guarantee without any problems when customer using, let the inflatables lifetime really over 3 years.

3. Reinforced Strips at Joint

King Inflatable will make reinforce strips at the bottom joint and each corner details. So when the kids bounce on the games, you do not need to worry about the safety at all. As the bottom can bear the kids no matter how they play on the games. A lot of cheap product do not make this technology, that will be make the product lifetime not enough 1 year.

4. Logo: can be printed as your requirement.

5. Accessories: CE/UL approved air blower/pump, repair kit(material and glue), D-ring, string...
