Our services:

Blueprint will be provided before production to let you confirm. Take nice and clear photos when production finished and show you, then well packed and deliver. We will show you every step of installation when you're not familiar with our products. If you meet with any question please contact us, we will service until you satisfied.

Advantages:

Top Material: We use best 0.55mm or 0.45 mm PVC tarpaulin for Jumping castle. the best material is very important for the games. All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has improved by the SGS.

Reinforced Double stitches: we all make double stitches with 12 strands nylon thread at all the joins. so that can reduce the air leakage and Extend the life time.

Oversized Jumping Area – more than 10 square meters jumping area in Sponge Bob House, about 10 kids can play at the same time.

Long Slide to Exit – more than 5 metres long, The slide is tall, long and wide, and contains walls on each side for protection. so rather than accidentally falling and bouncing out of the house and onto the ground and/or surrounding objects, the child can more safely slide down and out of the unit.

Slide Stoper design – A slide stoper block at the end of the slide. to keep safety of kids when slide.

Mesh Windows – Large windows made from commercial-grade rip stop netting won't tear like cheaper mesh and they allow children to be easily and clearly supervised.

Easy Takedown – Zippered flaps allow the bouncer to easily be deflated and taken down for storage after the day of playing has ended.

Blower Available – 1500 Watt, 2 horsepower UL/CE-Listed blower with grounded power cord and covered on/off switch for added protection. The blower is sturdy, durable, provides maximum air flow, and has been constructed to endure long hours of use.

Accessories – Includes instructions, a repair kit with patches, a 4 ounce bottle of glue, and four 12” heavy duty metal ground stakes to secure this bouncer to the ground.

Commercial Quality – Inflatable is constructed entirely from high quality, industrial strength materials.

Lead Free – All materials comply with the Lead Free Toys Act.
