Descriptions:

Inflatable water park is a new inflatable group games which is usually combined with inflatable slide, water toys, obstacle course and water pool. It includes slides, trampoline, obstacle, rock climbing, lifeguard tower, walking rollers etc. You can glide, jump, climb, contest when you play in the water park. It is very suitable for rental, you can get a factory price and recover your cost very quickly. It is made from 0.65-0.9mm Plato PVC tarpaulin which is the best material company with the best material for inflatables, so it is enough strong, durable and anti-aging under correct use, maintain and store.

Our advantage of inflatable water games:

- 1) We make reinforcements everywhere for the big water park, the connection between items of the park are durable eyelets, the structure can make the giant water park connect very stable.
- 2) Material: We use best 0.65-0.9mm PVC tarpaulin for water games. The best material is very important for the games. All inflatable games are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has improved by the SGS.
- 3) Hot welding machine: For the sealed water game, it is very important for the welding well. We have advanced welding machine and the best workers in inflatable industry.
- 4) Printing: Digital print, silk print, or hand painting. The high level painting makes our products will not be sticky and color fade, but sustain a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing.
- 5) Quality Excellent :
 - We use high quality Plato PVC materials.
 - We double and when requested, can quadruple stitch for added strength.
 - We can add reinforcement by using seat belt fabric on the bouncing surfaces and on corner joints.
