Descriptions:

inflatable event tent can be widely used as warehouse, trade show booth, promotion activity, advertising etc whether temporarily or permanently, both indoor and outdoor use, rental or resell business.

This product has a highlight color, which will attract attention from customers. It has a good shape too, good appearance will deeply mark your product in customers' mind. So anyway, this tent will help you obtain a good benefit!

This product is manufactured with water proof and fire resistant material, so it can be used in the rainy and sunny days with constantly working blowers, but the blowers should be protected well. There are many D rings around the bottom as anchors with rope to tie a weight, in case of strong wind to blow it away. Its inside with hooks for hanging something, air condition cable, lights or small things.

Workmanship:

we use best PVC tarpaulin 0.25mm/0.35mm/0.45mm/0.55mm or lightweight ripstop nylon material. The PVC tarpaulin and ripstop nylon material both is waterproof, flame resistance, lead free, anti-UV and anti-aging.

* Strong stainless anchor points provides safety, stability and rigidity to the inflatable tent outdoor. We also can make internal lighting hooks based on your needs.

* Safe zipper flaps for quick deflation or sandbags, the zipper flaps can be made internal or external, with velcro covering

* We supply good quality blower motors and air pumps for inflation, correct plug for customer's power input.
