#### Our advantage:

1. OEM/ODM are warmly welcomed. We also offer different size, color, logo, design according to your requirements.
2. Best material is very important for the games. All inflatable games are made by high durability fire- retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. Our material has been approved by the SGS.
3. We sew double stitching everywhere, with quadruple stitching at bottom stress point. Double stitching inside and double stitching outside, and to make sure the inflatables are strong and durable enough.
4. Digital print, silk print, or hand painting are available. We have top skilled worker to apply the artwork and printing. We imported painting machine, it print quickly and in good quality. The quality of print ink also meets the standard of SGS. Further more, we make a liquid protecting film on the surface of digital printing, the liquid protection is also imported from abroad. The high level painting makes our product will not be sticky and color fade, but sustain for a long time.
5. Certificated Blower:
  - 1) CE blower spec. 220V, 50HZ, 1.5HP Euro plug, plug can be customized.
  - 2) UL blower (110V, 60HZ) for USA area using, plug can be customized too.
6. Quality Control  
We have professional design team, skilled workers and strict QC management, these will guarantee good quality for inflatables.

#### Design and Material Selection

We focus on our design and production. Safety is our Mission. All the products are designed for your special requirements. More than 2000 different designs are available for you to choice. Our main material is heavy duty commercial grade PVC tarpaulin purchased from Plato which is the best raw material company in this feild, high durability ,UV-treated,fire retardant,water-proof & passed SGS certificate and Ripstop oxford fabric, strong & water-proof.
