Advantages:

1. Raw material-- CE, SGS approved.
2. Design-- Professional designer make all designs.
3. Inline production control.
4. 24 hours test after the production.
5. A third party inspection.
6. Our products already passed the CE, EN 14960, EN 15649

Workmanship:

- 1) Reinforcement. We make reinforcements at every weak points like welding seams, inside baffles, connerect.
- 2) Durable anchor ring. For anchor ring, we use 316 stainless steel material which last longer than other metal in water.
- 3) Durable parts. All our parts like handles, anchor rings are welded instead of glue, it's not easy to peel off.
- 4) Stable Connection System. we created originally eyelet connection system and anchor ring connection system which make the whole toy very stable.

Package and Plugs:

1. For the finished prodcuts, we packed with strong PVC tarpaulin (same to the products). The PVC tarpaulin bag is durable enough to bear the impact during shipment. In order for you to find the products quickly, we have printed our company's logo on outside of package bags.

2. Blower or air pump are packed By PVC bag or carton which suitable for shipment, also been marked outside of the package, so that you can find them quickly and correctly. Different countries have different voltage and different plugs, it will much appreciated if you can tell us what type plug you want, and then we will supply the correct plug to you.
