Product Description

Colorful Airtight Inflatable Event Tent Outdoor OEM PVC Tarpaulin Pub Cabin

Descriptions:

This is a very beautiful inflatables for outdoor use. It is bar model, a eye catching buliding. When you catch the sight of it, you konw it is happy and leisure time! Our pub tents have the following characters.

1. **Material Brand:**

Best material is very important for the games. All inflatable games of our products are made of high durability fire-retardant 180Z Tarpaulin, which has 3 layers , two coated side with a strong net inside. The flame retardant meet SGS.

2. **Sewing Technology:**

Our Inflatables will make reinforce strips at the bottom joint and each corner details. So when the kids bounce on the games, you do not need to worry about the safety at all. A lot of cheap product do not make this technology, that will be make the product lifetime not enough than 1 year.

3. **Safety Flap:**

On the inside of every inflation tube lies a simple vinyl flap that is designed to flop closed if air flow is interrupted, thus slowing the loss of air.

4. **Safety Net:**

We adopts unique netting that only 2*2mm hole, even a small child's finger cannot penetrate, the net is also waterproof and flame retardant, Yet, the netting is still transparent enough to allow for easy viewing.

5. **Stronger Baffles:**

Baffles that are secured by a 1000x1000 denier material that provides the MAXIMUM strength of the internal baffling of every inflatables.This material upgrade is unmatched by anyone else in the industry. This material is key to the overall durability of the products we sell.

6. **Neat Stitching Thread:**

Durable 12 strand nylon thread which is higher abrasion resistant and tor proof. We do double stitching everywhere, with fourfold stitching at bottom stress point. Double stitching inside and double stitching outside to make sure the inflatables are strong enough.

7. **Zipper With Flap:**

Unlike others, our inflatables deflation zipper utilizes a hook&loop flap that covers the zipper, thus, less air is lost and zippers are not exposed to abrasion or mischief.

8. **Reinforce Conner:**

The help handle is easy broken when long time use by big kid or adult, as you see, we reinforce it with double strip, and make help handle on the climbing ladder, kids can climb the ladder more easy.

9. **D-rings For Safty Fixed:**

Take a close look at the construction of the "d" rings in the products we sell. A tether system is only as strong as its weakest link. Tether points on the inflatable are extremely durable. The "d" ring tethering System have been laboratory-tested by Professional Engineers for use on all giant slides and all other types of inflatables.

FAQ:

1. Is it fire retardant ?

Yes ,it is fire retardant and water proof .If have special request of material .it also can be customized according to your requirement.

2.The size is big /same,not suitable for me.could we can customize?

it is no problem. It can be customized according to your requirement,such as size ,logo,color ,printing etc.Of course ,if you not like the picture,please send a picture to us,then we make it according to your picture

3. could i ship it by myself / Could you can help us to ship?

Yes.If you have forwarding agent in China.we will assist your agent to ship. If not forwarding agent,we can help you to ship. the best ship way is by sea,transportation time about 15 days -40 days ,according to different country.If urgent,by air is okay.

4. Can I put up a Inflatable product quickly?

Setup times vary depending on products of different sizes. For the smaller models, such as the 3x3 and the 4x4, it can take as little as 3-5 minutes to inflate with an electric pump. The larger models are just as quick, such as the 6x6, taking only about 10 minutes to inflate fully using a pump. If inflating the tents by hand, however, these times may be longer.
