#### Advantage:

1. The company has established more than 7 years,it has very professional experience at inflatable model industry.
2. Material: high durability Oxford or PVC tarpaulin, water proof, fire retardant and UV resistance, which has 3 layers, two coated side with a strong net inside. The fire retardant meet BS7837. Our material has been certified by the SGS.
3. Easy to set up and take down: inflate about 5-8 minutes,depend on the size. Each product will have strong tie down systems(D-ring or circle ring)to make sure it steady enough.Long fill tube (5') so blower can be placed farther away from the slide.
4. Workmanship: All seams are double stitched(triple to quadrupled stitched in sensitive parts).Strong reinforcement on all high stress points
5. Package:We spread air out to help deflation before roll the tent, then put a band belt outside to tie it. We will use tarpaulin bag which is same material as the tent to package the units. So the packages will not be frazzled during delivery process. For big units, we will make extra handle band outside of the packages. In order to let you find your goods quickly, we will paste a mark paper with your order number.
6. Deflation: We make enough air out zipper for each game according to the requirement of EN14960. So they can help you deflate the inflatable quickly. We do reinforcement for all the zipper joints, and above the zipper, there is a zipper cover by velcro material which is help to disperse the zipper's stress. We may also make a inside PVC piece to protect the zipper.
