Description:

Inflatable snow globe is a seasonal inflatable products mainly popular during the Christmas season. People usually set up it in the central of the super market or out door to attract crowd.

If there are fake snowflakes scattered inside the sphere, this product has a ventilation mesh on the top, and the platform of the human station has an air inlet..

When the wind supports the sphere, it can also make the snowflakes inside circulate inside the sphere, thus creating a scene like snow

This giant inflatable snow globe is made by 0.55mm PVC tarpaulin on the base area and 0.8mm clear PVC for the inflatable dome.

Easy set up and transport, we just need to spread it and inflatable it, then a human size Christmas snow globe is coming.

Put it outdoor, people can take photos inside of the giant snow globe, the exquisite digital printed back drops will bring more color of your pictures.

When we place it inside or at the gate of the super market, display the products we want to advertise or promote, then the inflatable snow globe will become an effective inflatable display dome.

What ever you want it to be, one thing for sure is this giant inflatable snow globe can help you to earn a sum of money when you are planning to rent it in your party rental business
