Details :

This movie screen is made of screen fabric and 0.55 mm PVC Tarpaulin material, which is made by sewing machine. portable and easy to install

Can be used for outdoor activities, outdoor theater or indoor home theater, rental etc. This flatable movie screen has horizontal and oblique tubes at the back. It has very good stability and is not easy to fall. There are also many D-rings at the bottom of the movie screen. It can be tied to the rope, and the movie screen is more stable.

The size of the movie screen, the white screen size, the tube size, the color and the shape style can all be tailored to your needs. You can tell us the size of your venue, the scenes used, the number of people, etc. We can design an inflatable movie screen for you.

applications:

Summer cinema /movie in the park

Drive-in,golfcart drive-in .boat in movies

Drive in /splash-in movie

Winter cinema

Backyardoutdoor movie parties

Dundraising, film festivals

Live presentations and concerts
