Advantages

Superior Strength – All inflatable games of King Inflatable are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated sides with a strong net inside. The flame retardant meets BS7837. This material has improved by the SGS. extra heavy-duty, multilayer stitching is used throughout, further strengthening this tough bouncer.

Oversized Bouncer Room With Roof – more than 15ft jumping area with obstacles and roof. Kids can bounce and run around all over on sunny, sprinkle or snowy days.

Xmas Decoration – Red floor and snow-white roof, Xmas artworks, welcome by Santa Clause, and gift boxes. That will be a fantastic Christmas for kids.

Mesh Windows – Large windows made from commercial-grade rip stop netting won't tear like cheaper mesh and they allow children to be easily and clearly supervised.

Easy Takedown – Zippered flaps allow the bouncer to easily be deflated and taken down for storage after the day of playing has ended.

Blower Available. – An upgraded, 1200 Watt, 1.5 horsepower UL-Listed blower with the grounded power cord and covered on/off switch for added protection is included (Always use GCFI-protected receptacles/circuits and take caution to keep blower and power cords in dry locations). The blower is sturdy, durable, provides maximum airflow, and has been constructed to endure long hours of use.

Accessories – Includes instructions, a repair kit with patches, a 4-ounce bottle of glue, and four 12" heavy duty metal ground stakes to secure this bouncer to the ground.

Commercial Quality – Inflatable is constructed entirely from high-quality, industrial-strength materials.

Lead-Free – All materials comply with the Lead-Free Toys Act.

Customized Christmas Decoration - You can make your own design to meet your own requirements, your own size, color, or artworks, we can do digital printing, silk printing, or hand drawing of logos or pictures. Jumping castle, Santa Claus, Snowman, Christmas tree, Reindeer, or other Christmas decorations can be customized. what you want, what we produce. This inflatable can easily be transported because of its compact roll-up design. In addition, the inflatable jumping castle easily sets up in no more than 10 minutes. The inflatable is supplied with a blower, anchoring material, a transport bag, and a clear manual conveniently included. In short, a complete package for the complete experience.

FAQ:

Q: What are Inflatable Obstacle Course Made of?

A: 0.4~0.55mm PVC vinyl, 1000D durable laminated cloth, high strength, lead-free, waterproof, fire retardant, and UV protective to withstand up to 120 degrees in temperature. Besides, we use high-quality interior baffle materials and durable nylon threads.

Q: How do you do reinforcements and make high-quality Inflatable bounce castles?

A: We use professional commercial sewing machines, with strong threads to double stitch everywhere, quadruple or sextuple stitch for sensitive areas, reinforced strips at joints. We also use professional welding machines, high-frequency machines, automatic cutting machines, and digital printing machines to ensure strength, durability, and longevity.

Q: Can add logo printing on Inflatable Obstacle Course?

A: Yes. This is for free unless the printing area is big or the logo is customized and complicated. You may send us high-resolution artwork in JPG, PDF, or PSD.

Q: How to blow up an Inflatable bounce castle?

A: By electric air blowers which are included, we can match suitable power and plugs for you. It usually takes 5 minutes to

blow up depending on the design. Please make sure blower air hoses and hooks & loops fastener zipper openings (for quick deflation) are closed when in use.
