Product Description

Inflatable Landing Airbag landing ramp inflatable bike jump air bag for BMX FMX

Descriptions:

The Landing airbag available for Bikeparks, Snowparks, FMX Tracks and Skateparks is a unique BAGJUMP airbag product that covers an entire landing to cushion your fall and at the same time also being able to ride away your trick if you land it. Try this landing pad and you will never go back to a traditional Foampit or one of the big type airbags.

There are various fantastic sport games for you. If you want to start a business, you can buy several pieces at a time, then ship them together by sea which will save you much money on shipping for each one.

Notes: All the items can be customized including the material, size, design, logo, printing and so on. If any interested, just feel free to tell us your requests and we will get you best inflatable with a good price.
