An inflatable arch or air-inflated arch is an inflatable structure that is inflated by an external cold air inflation fan connected to the arch via a tube. Inflatable arches are commonly used by outdoor promotional activities, events, sports teams and organizations. Multiple design capability make the arch a very versatile component for multiple event and promotional initiatives.

FAQ:

1.How about the sales terms and warranties?

Our products have been exporting to more than 50countries and regions around the world, 95% up abroad. Most products come with a one-year to three-year guarantee.

2.Do we make custom designs?

Yes, just submit your detailed renderings, and we can create your custom products. Allow at least three weeks to receive your custom shape in time.

3.What is available for international customers?

We sells products worldwide.We can make the necessary adjustments required to meet your local power systems.Payments are accepted

through T/T, Western Union and Paypal.

4.How do you clean the products?

To wash:

Detach the fabric from the fan/blower.

Spray soiled area with pre-wash remover.

Use non-chlorine bleach.

Set the cycle to gentle cycle on cold with minimal rinsing and one load larger than it actually is (i.e. small load should be set to medium load).
