Top Material: We use best 0.55mm or 0.45 mm PVC tarpaulin for Jumping castle.

the best material is very important for the games. All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has improved by the SGS.

Reinforced Double stiches: we all make double stitches with 12 strands nylon threadat all the joins. so that can reduce the air leakage and Extend the life time.

Oversized Jumping Area – more than 20 square meters jumping area inthis rocket castle, about 10 kids can play at the same time.

Climb tower – about 10 metres tall, player can not only bounce and run but also exploring by climb up and down. they can make a challenge by climb with the ladder and the rope though all 3 floors in the rocket. both for kids and adults. And more customized design is welcome.

Easy to repair– come with repair kits, Patches and glue, just in case, if it get broken at any place, it can be repaired soon.

Easy Takedown – Zippered flaps allow the bouncer to easily be deflated and taken down for storage after the day of playing has ended.

Blower Available – 1500 Watt, 2 horsepower UL/CE-Listed blower with grounded power cord and covered on/off switch for added protection. The blower is sturdy, durable, provides maximum air flow, and has been constructed to endure long hours of use.

• **Commercial Quality** – Inflatable is constructed entirely from high quality, industrial strength materials.

• **Lead Free** – All materials comply with the Lead Free Toys Act.
