	Remark	Sealed type, made by heat welding machine with Plato 0.65mm or 0.9mm PVC tarpaulin, it don't need blower inflate air all the time.

#### Applications:

Inflatable water toys can be widely used as summer water park, man-made small river, and water game parks, sun cold paradise amusement water park, for outdoor use, rental or resell business.

### Descriptions:

Popular Giant Inflatable Water toy, material passed ROHS, CE, EN14960, CE, UL Certification, is frequently used in water amusement park, swimming pool, commerce promotion, festival activities and so on. Our Floating Water toy has strong material, bright colors, different size. Besides, our company supports OEM service.

- 1.Material: Plato 0.65/0.9mm PVC Tarpauline. 0.65/0.9mm is thick Material for Inflatable products to make sure to get a good quality, and Our materials are all from Plato company which is the best PVC material in China. You know, raw material is very important for good quality Inflatables.
- 2. Technical: Heat Sealed, double-triple stitch everywhere plus extra reinforcements by PVC stripes. So Our products are durable and anti-tearing.
- 3.Certificate: Our products are approved by UL, CE, EN14960, EN71, SGS, So it suitable for European and Americian market.
- 4.Packing: Inflatable product is packed by heavy duty PVC carry bag, pump is packed by exported standard carton. Good Package can protect goods from damage during delivery.
- 5. Payment terms: T/T, Western Union.
- 6.OEM/ODM, we can print your logo or website on products for advertising.
- 7.MOQ:1PC, bigger order quantity, better price.
- 8. Accessories: Certified air pump, Repairing kits and suitable plug.
- 9. Origianl: Guangzhou, China.
- 10. Price Term: EXW, FOB Guangzhou, FOB Shenzhen and CFR are optional.

#### Our advantage of inflatable water games:

- 1.Material: 0.65mm-0.9mm PVC Tarpaulin, waterproof and fire-resistant, anti-uv, etc, stable chemical performance.
- 2: Professional staff and service

We are famous for providing entertainment inflatables for the biggest & the best events. From private events with 5 people to public events with 100,000 people, we will make you look great!

- 3. Size: 6m Long x 3m Wide, and any size can be customized as your requirements.
- 4. Our ingenious design team will work closely with you to ensure the design of your finished branded inflatable products match your company brand and events requirements to your complete satisfaction.
- 5. Better pre-sale and after-sale service. 7 x 24 hours service, We will give you promot response if you have any questions.
- 6. More professional guidance would be provided for you.
- 7.All our products are reinforced strips, so the items have good airtightness and more durable. So our products use time more than 4 years.
- 8.We install high quality air relief valve on our water parks, so the items can release air to a safety level automatically when it's getting hot in the noon. This will ensure products safety.
- 9. For the anchor rings and handles on our products, we use the big high frequency welding machine to weld instead of glue on by hand. So the parts and the main body are fused together, so the quality is very stable and will not peel off.
- 10. Stable Connection System. King Inflatable created original eyelet connection and anchor ring connection system which make the whole park very stable.
- 11 We use good quality thick PVC material for inside drawstring which help to form the inflatable shape. Thick PVC material will be more durable and can last for using longer.

#### **Related Products:**

- 1. inflatable water parks. zorb ball, water walking ball, water ball, water roller, bumper ball, fly fish, banana boat, bumper boat, inflatable kayak, water slide, inflatable pool, inflatable water seesaw, Inflatable iceberg, balance tube, Inflatable peg-top, Inflatable water trampoline.water park
