Descriptions:

- 1, fill with helium gas, or hanging somewhere high building for Adv
- 2, Joined by high frequency machines, fully join together, nice welds
- 3, Many D rings around the bottom and top as anchors with rope to tie a weigh, in case of strong wind to blow it away, flying and adv in the sky
- 4, once fill with helium gas, can last for 10-15days, then need to add a little bit more gas, it works again.
- 5, at the end of the balloon, rope to tight it,in case of air releasing, fill the gas with the cylinder here as well.

Our advantage of Inflatable Advertising Balloons:

- 1). 0.15mm, 0.18mm, 0.2mm and 0.28mm helium quality PVC which is specially customized for helium purpose, it is more elastic and extend life time, meeting EN71, SGS related standards, can bear low temperature(about -20° C), do not get crack in the winter.
- 2). Special customized PVC, more than 8 hours test to make sure no leakage, all which will save your helium expense and last at least 10 days once filled.
- 3). Extensively placed in all kinds of opening ceremonies, promotion activities, sport activities, rental business, parties, clubs, parks, squares, outdoor entertainment, and etc, which will bring much advertisement effect...
- 4). Full digital printing is available, you can get 540x1080 dpi printing from our Japanese high resolution digital printing machine.
- 5). Lighting systems are available
- 6). Free Repair kits with patching material and glue.
- 7). All of our giant helium advertising balloons are reusable, durable, attractive, versatile, and easy inflate or deflate.
- 8). We accept other interesting designs from you, and OEM service is available. And we also have experienced technicians or designers in the fields of design, quality control, etc...
- 9). MOQ: 1PC

FAQ:

- 1.How about the sales terms and warranties?

Our products have been exporting to more than 50countries and regions around the world, 95% up abroad. Most products come with a one-year

to three-year guarantee.

2. Do we make custom designs?

Yes, just submit your detailed renderings, and we can create your custom products. Allow at least three weeks to receive your custom shape in time.

3. What is available for international customers?

We sell products worldwide. We can make the necessary adjustments required to meet your local power systems. Payments are accepted through T/T, Western Union and Paypal.

4. How do you clean the products?

To wash:

Detach the fabric from the fan/blower.

Spray soiled area with pre-wash remover.

Use non-chlorine bleach.

Set the cycle to gentle cycle on cold with minimal rinsing and one load larger than it actually is (i.e. small load should be set to medium load).
