- 7, Inflatable 3m Aquatic Trampoline For Water Parks Without Steel Spring Frame can be widely used in summer water park, man-made small river, and water game parks, paradise amusement water park.

#### Advantages:

- 1) We make reinforcements everywhere for the inflatable toy, the connection between items of the toy are durable eyelets, the structure can make the giant water toy very stable.
- 2) We install high quality air relief valve from UK on all the items of this water park, so the items can release air to a safety level automatically when the air pressure getting higher.
- 3) We use thick and big stainless steel anchor ring with durable anchor pads at the bottom of the inflatables.
- 4) Material: We use best 0.9mm or 0.6mm PVC tarpaulin for water games. the best material is very important for the games. All inflatable games of Topfun are made by high durability fire-retardant PVC Tarpaulin, which has 3 layers, two coated side with a strong net inside. The flame retardant meet BS7837. Our material has been approved by the SGS.
- 5) Heat sealing machine: For the sealed water game, it is very important for the welding well. We have advanced welding machine and the best workers in inflatable industry.
- 6) Printing: Digital print, silk print, or hand painting. The high level painting makes Topfun product will not be sticky and color fade, but sustain a long time. And it print quickly and in good quality. Further more, we make a liquid protecting film on the surface of digital printing,.
- 7) Blower/Pump: CE air pump: 220V; UL air pump: 110V.
- 8) Customized design: all the floating toys can be customized, which kinds of toys, the size, color material, shape logo can be customized.
- 9) Accessories: Repair kit(material and glue), air pump, carry bag.
