Product Description

Inflatable Football Pitch | Inflatable Football Field | Inflatable Football Court For Sale

This is a Sport Inflatable Football Shooting Gate game structure. The sports inflatable is a very fun and appealing, thanks to a significant containment structure built around the inflatable door. This inflatable shooting range structure is ideal to organize competitions, contests, tournaments and prize games.

The inflatable football pitch is ideal for Field Days, Fetes, Schools, Local Festivals, Youth Games Development, Corporate and Charity Events.

Our Product

The pitch dimensions are 50 metres X 30 metres which is ideal for Adult 5, 6 and 7 a side and all underage GAA games. It can also be used for adult 5, 6 and 7 a side soccer and all mini soccer games. If you like our Inflatable Football Pitch, you may also like our Bubble Soccer!

If you are planning a big event you are in the right place. Here at Inflatables we are 100% professional and we will make sure you will get the best service. Create a safe and fun five a side court for tournaments and matches which can be set up in less than an hour.

The ball will rebound off the sides realistically and players will not crash into barriers and hurt themselves like a traditional five a side court.

This game can be set up on any surface and the surround of the inflatable is great for spectators getting up close without encroaching on the playing area.

We add Zips at either side of the goals to allow the goals to be removed to create an inflatable surround for any event sporting or otherwise. The zips also allow the game to be transported in four sections making it much easier to store and to move from one location to another.

Additionally, we can add an arch at the half way point creating ease of access and exit which enables an entrance without having to hurdle the sides. This is perfect for players with limited movement, walking footballers or those in wheelchairs.

The game can be built to any size or colour combination of your choice and the side panels offer plenty of opportunity for branding options.

Please contact us for a detailed quotation.
