Product Description

Outdoor Extreme Sports Bike Landng Airbags For MTB BMX & Skate

The Bike landing features 1 impact absorbing air chamber for a realistic & safe landing. The Bike Landing has a single chamber impact absorbing system, with its own internal blower system. It comes with several air valves which allow you to adjust the firmness precisely. Set up a soft chamber when trying tricks for the first time. Ready for the real deal? Set the chamber more firm and get ready to ride out those tricks and progress!

Excellent impact absorption without bounce effect
Set up anywhere, no need to shape dirt
Ready to ride in minutes
Get it now: always on stock

Progress everywhere..

Includes blower, maintenance kit, and anchoring system
14 months product warranty
Internationally certified for safety and quality
UV resistant with 2 year color guarantee
Setup in minutes

The bike landing consists of an easy and lightweight one chamber system. This makes our landing cost effective, mobile and ideal for setting up at events and competitions.

Bounce effect eliminated

In our innovation lab right here in Amsterdam, we have extensively tried and tested the perfect internal structure of our landing airbags to eliminate the bounce effect. Your landings will be smooth like butter!
