Product Description

Outdoor Advertising Balloons Inflatable Hanging Planets Globe Balloon With Led Light

Giant Inflatable Planets

Inflatable planets are, without a doubt, our most popular product line among all of our inflatables. We offer the full spectrum of celestial bodies in our galactic vicinity, including poor old Pluto, which doesn't seem to get much love nowadays. Earth is naturally one of the more popular models in this lineup, for obvious reasons, but is usually customized with printed logos or slogans. Our inflatable planets in style, sealed or airtight. Whereas airtight models have to be inflated separately, but then they're sealed off and do not require to be plugged in. Symposiums, museums and even concert halls have used our sealed inflatable planets to decorate their venues since they don't create any noise and no constant inflation is required.

The eight planet inflatable balloons have good use effect. Because it is made of PVC material, waterproof and durable, good reuse effect, it can be suspended on the ceiling, on the ground, floating in the air, suspended in the water, decorative ball is very beautiful, it can also be lit with LED.

It is suitable for various scenarios, such as festival, bar, stage, new product launch, sports meeting, opening activities, etc.
