Packing and Shipping:

Packaging and Shipping: Inflatable Bubble Tent

Inflatable bubble tents are packaged and shipped in sturdy cardboard boxes. Each box contains the tent fabric, the blower, and the necessary hardware for setup. All parts are securely and safely packaged to ensure their safe arrival.

The tent fabric is folded and placed in a plastic bag to protect it from dust and dirt. The blower is placed in its own separate box with foam padding to protect it from damage during shipping. The necessary hardware is also securely placed in its own box.

Once all parts are packaged, each box is then sealed and labeled with the appropriate shipping information. The boxes are then sent to their destination via a reputable shipping service.
