Description :

1. Transparent PVC material : Its fixed width is generally 1.2m , It has two regular thickness , 0.8mm and 1.0mm ;it can be waterproof and has a very good light transmission , very good for outdoor party and exhibition
2. This tent is airtight type , you only need to inflate it one time by using 2 pcs air pump connecting electricity , then it can stay about 10 days .
3. Workmanship : 1) Hot welded by high frequency machine , so it is airtight type ; 2) It is double layers , there are a lot of strong ropes connecting D rings on two sides to form a air layer ; 3) Installing some D rings at the roof and the bottom of outside the tent as an anchor to fixed it to the floor , The inner also needs to install some D rings to hang LED lights ; 4) reinforce welding at the joint part
4. For package , we pack it in a roll and put it into a PVC bag ,2 pcs air pump are packed in the carton ; For shipping , If you only need buy one and want it urgently , shipping by express or air (only arrive at the airport) is the best choice , If you choose by express , you can get it directly at your address , it takes about 5-7 days ; If you choose by air , cheaper than by express , But you have to go to airport and pick up the goods . if you don't need it urgently and need more products, shipping by sea is best choice , much cheaper than others .
5. For all the inflatable products (not including accessories) , Our warranty time is generally 1 year .Within one year , if there is any quality problem , our factory will take the full responsibility to get it re-work , If failed , we will make a new one for you . Actually , when it is broken , it is easy to get it repaired , you only need to use the spare material and glue
6. OEM is accepted , Different sizes, colors, logo can be customized according to your needs .

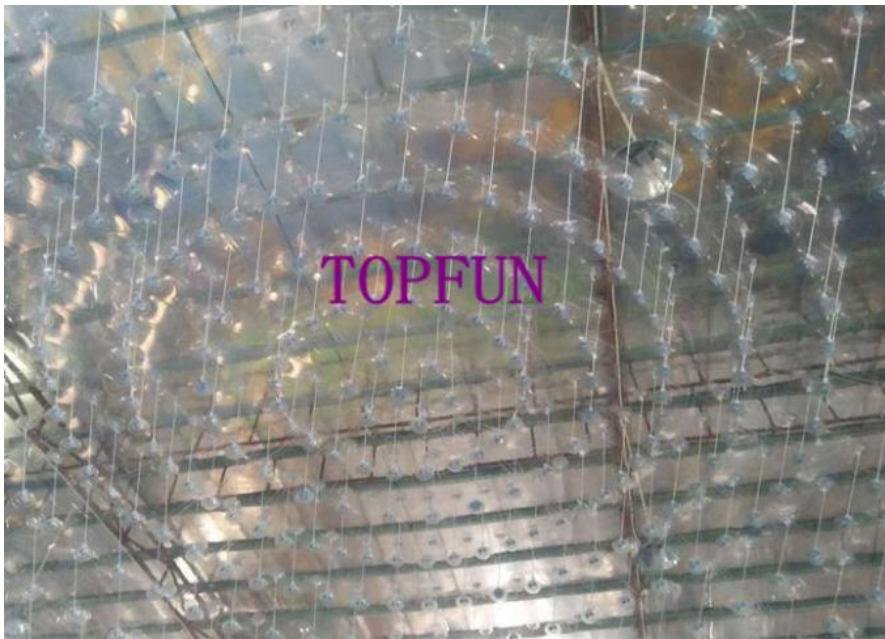

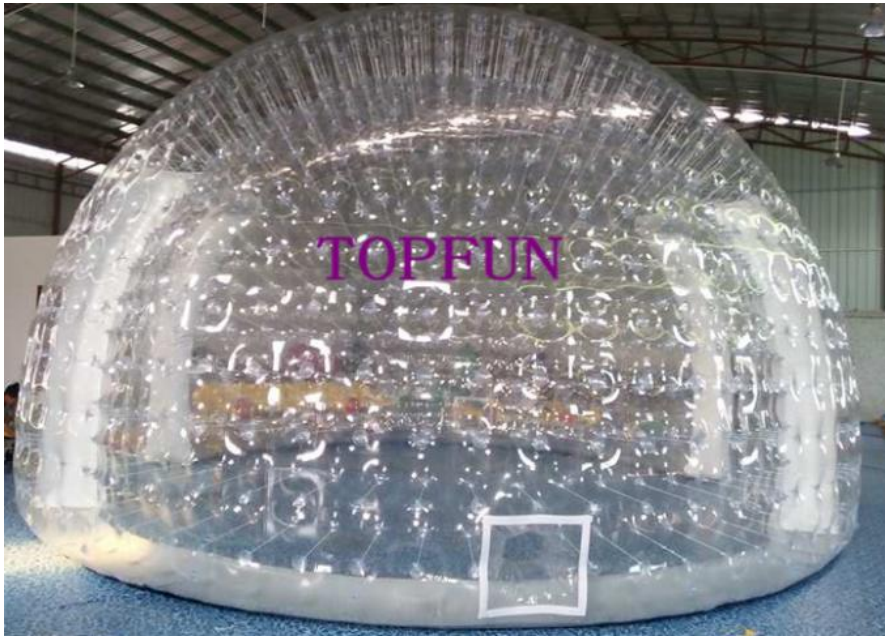

Applications:

This transparent tent is airtight type , you don't need to make it inflated , blow it up one time , then it can keep a long time , some customers buy it as a meeting , some as a party , some as a exhibition or other events . It is with a very good light transmission , you can install some LED lights inside the tent , When you open light in the evening , It looks very beautiful and nice . We believe you must like it very much . Any needs , Pls don't hesitate to contact us .

Advantages:

1. Careful and best workmanship
2. High quality and best after-sale service
3. Strong and durable material
4. Cheap price based on good quality
5. on-time delivery and safe shipment
6. OEM is accepted and welcome to inquire at any time
7. Approval CE , EN71 ,ROHS , EN14960
8. Very safe , no hurt to people , plastic material not steel
9. Easy assemble , connecting air pump and valve
10. A good light transmission ,very beautiful
